PART-TIME MAMMOGRAPHY TECHNOLOGIST

Amelia Island FL

Ackerman Cancer Center is seeking a part-time Mammography Technologist to join our team of highly trained radiation oncologists and medical professionals 3 days per week.

About

Our facilities in Jacksonville and Amelia Island specialize in the most advanced radiation oncology therapies available for all types of cancer. The interdisciplinary team at Ackerman Cancer Center is professional, compassionate, and dedicated to the highest level of care for patients and their families.

Our Board-Certified team includes Radiation Oncologists, Medical Physicists, Medical Dosimetrists, Oncology Nurses, Radiation Therapists, Molecular Imaging Technologists, Oncology Social Workers and an Oncology Dietician.

In addition to radiation therapy, we offer comprehensive diagnostic services for the convenience of our patients. These services include: PET/CT, CT, MRI, mammography, ultrasound and bone density scanning. This position is to start a mammography service in our Amelia Island office with support from our mammography department in the Jacksonville office location.

Our facilities offer advanced radiation therapy treatments such as IMRT, IGRT, SRS, SBRT, VMAT, HDR Brachytherapy, AccuBoost Breast Cancer Radiotherapy, Gamma Knife, RaySearch treatment planning, MOSAIQ EMR, Elekta Linear Accelerators and a MEVION S250 Proton Therapy System.
