

ACKERMAN[™]

Cancer Center

Manager, Imaging Department Jacksonville, FL

Ackerman Cancer Center is seeking a full-time, Imaging Department Manager to join our team of highly trained radiation oncologists and medical professionals.

About

Our facilities in Jacksonville and Amelia Island specialize in the most advanced radiation oncology therapies available for all types of cancer. The interdisciplinary team at Ackerman Cancer Center is professional, compassionate, and dedicated to the highest level of care for patients and their families.

Our Board-Certified team includes Radiation Oncologists, Medical Physicists, Medical Dosimetrists, Oncology Nurses, Radiation Therapists, Molecular Imaging Technologists, Oncology Social Workers and an Oncology Dietician.

In addition to radiation therapy, we offer comprehensive diagnostic services for the convenience of our patients. These services include: PET/CT, CT, MRI, mammography, ultrasound and bone density scanning.

Our facilities offer advanced radiation therapy treatments such as IMRT, IGRT, SRS, SBRT, VMAT, HDR Brachytherapy and AccuBoost Breast Cancer Radiotherapy. Our technology includes MIM PACs, RaySearch treatment planning, MOSAIQ EMR, Elekta Linear Accelerators and a MEVION S250 Proton Therapy System.

Job Description

This position is responsible for supervising and coordinating the personnel, procedures and patient care functions of the Imaging Department. The Imaging Department is comprised of: Diagnostic Radiology, Nuclear Medicine, Ultrasound, MRI, Mammography and CT. The manager is responsible for maintaining policies, procedures and standards of care to ensure patients' needs are met. The manager will act as a role model, demonstrating proactive, collaborative working relationships across all functions to support our interdisciplinary approach to patient care.

Job Responsibilities:

- Organize, supervise and monitor the provision of the clinical services, practices and procedures of the Imaging Department
- Ensure all related daily, weekly, monthly, quarterly and/or annual QA procedures are performed
