Proton Radiation Therapist

Jacksonville, Florida

Ackerman Cancer Center, located in Jacksonville, Florida, is seeking a Proton Radiation Therapist to join our team of highly trained radiation oncologists and medical professionals.

About

Our facilities in Northeast Florida specialize in the most advanced radiation oncology therapies available for all types of cancer. The interdisciplinary team at Ackerman Cancer Center is professional, compassionate, and dedicated to the highest level of care for patients and their families.

Our Board Certified team includes Radiation Oncologists, a Medical Oncologist, Medical Physicists, Medical Dosimetrists, Oncology Nurses, Radiation Therapists, Molecular Imaging Technologists, Oncology Social Workers and an Oncology Dietician.

Our facilities offer advanced treatments such as IMRT, IGRT, SRS, SBRT, VMAT, HDR Brachytherapy, AccuBoost Breast Cancer Radiotherapy, Gamma Knife, RaySearch treatment planning, MOSAIQ EMR, Elekta Linear Accelerators and a Mevion S250 proton therapy unit.

We also offer comprehensive diagnostic services for the convenience of our patients. These services include: PET/CT, CT, MRI, mammography, ultrasound and bone density scanning.
